

Driversnote is an “Intelligent Mileage Logbook” that automatically tracks your trips. Perfect for your mileage claim, Driversnote uses GPS to automatically register trips and calculate reimbursement, distances and odometer readings and produces the correct documentation.

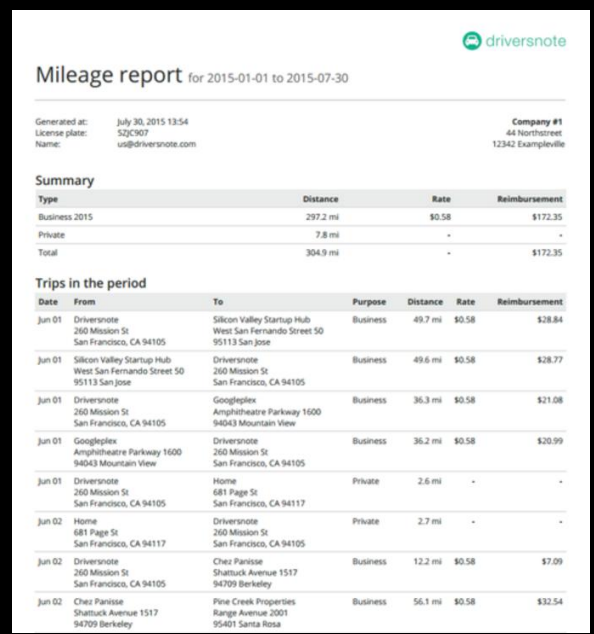

All of your trips are backed up automatically on the servers, accessible even if you lose your phone.

The Driversnote app is great for employees, employers as well as self-employed, and can be used to document both private and business trips according to the ATO requirements

Trips are also able to be managed online through driversnote.com, where you are able to view and edit all your trips. Through Driversnote.com you are also able to view your GPS tracked trips on a map, so you can see where you’ve been

Your mileage log is always ready and is able to be printed, emailed or downloaded as a PDF from both your phone and computer. Driversnote automatically matches the requirements of the local tax authority and rates are tracked and updated yearly, so you don’t have to.
